Education

2020-present **MINES Paris - PSL University**, *Ph. D. candidate in Engineering*.
Development of deep-learning based methods for large scale detection and characterization of distributed solar installations using aerial images

2018-2020 **ENSAE Paris**, *Masters Degree in Engineering*.
Specialization in applied mathematics and machine learning

2015-2019 **Ecole normale supérieure Paris-Saclay**.
Four-year grant ("*normalien*") to undergo graduate studies in economics and statistics

Skills

Applied mathematics: statistics, optimization, machine learning (theoretical aspects)

Data science with Python (standard libraries and PyTorch), Julia, R, SQL databases, Git

Electricity markets and electricity grid: current state and future trends

Experience

2020-present **RTE - Réseau de transport d'électricité**, *Responsible for R&D studies*, Paris La Défense.
Ph. D carried out in partnership with Mines ParisTech
Development of deep-learning method for large scale detection and characterization of individual solar installations using aerial images

2019-2020 1 year **RTE - Réseau de transport d'électricité**, *Responsible for R&D studies*, Paris La Défense.
Apprenticeship during the Final year at ENSAE
Contributions to the agent-based simulation model of the spot market developed as part of the European project OSMOSE (link here).

Summer 2019 3 months **University of Jyväskylä**, *Research assistant*, Jyväskylä (Finland).
Bayesian inference (sequential Monte Carlo methods) on wolves observational data, in partnership with the Natural Resources Institute Finland (Luke).

2018 -2019 *10 months* **INSEP**, *Tutor*, Paris.
Tutoring in mathematics and economics (high school level) given to high-level athletes

Languages

Fluent	**French, English**	*TOEIC : 920/990*
Proficient	**German**	*CEFR-level : B1*
Beginner	**Russian**	*University diploma*

Leisure and sport

- Literature (Contemporary French novelists, russian novelists)
- Lyonnaise cuisine
- Rowing (Five years as a competitor)
- Running (marathon, half marathon)
